

**Tax Year ending 28 February 2025 and
Provisional Tax Period 1 – 31 August 2024**

**Have a say in how your taxes are spent.
We have a two-year track record of
placing investor's funds into a portfolio
of alternative energy assets**

- ✓ Low Risk
- ✓ Healthy Income
- ✓ Easy to participate for Companies and Individuals
- ✓ Secure a long-term investment and increase your portfolio returns

The logo for Impact Energy Solutions is displayed within a yellow circular graphic. The text "IMPACT ENERGY SOLUTIONS" is written in a bold, blue, sans-serif font, with "IMPACT" on the top line, "ENERGY" in the middle, and "SOLUTIONS" at the bottom. A small red triangle is positioned above the letter 'A' in "IMPACT". The background of the slide features a blue sky with white clouds, a field of yellow flowers, and several rows of solar panels in the foreground.

**IMPACT
ENERGY
SOLUTIONS**

**Loadshedding has
created an
investment
opportunity.**

The Section 12B Offering

Impact Energy Solutions has designed a bespoke investment opportunity for individuals and companies to play a role in reducing South Africa's energy crisis - **we invest your tax liability** into alternative electricity production.

Section 12B of the Income Tax Act (No. 58 of 1962), provides the opportunity for taxpayers to invest in alternative energy projects.

Impact Energy Solutions provides the financial model to make this possible.

What are the benefits?

- ✓ Enhance your investment portfolio
- ✓ Earn a passive income for 18 - 20 years
- ✓ Have a say in how your taxes are allocated
- ✓ Optimise your retirement strategy
- ✓ Financially protect your family
- ✓ Save for your children's education
- ✓ Participate in sustainable and alternative energy solutions that move away from fossil fuel reliance and advance greener, energy solutions
- ✓ Contribute to economic growth by reducing the strain of loadshedding
- ✓ Actively participate in SA's road to net zero climate action goals
- ✓ Support job creation
- ✓ Support both supply and pricing security for sustainable alternative energy solutions for businesses to succeed.

How do I qualify to invest?

You need to:

- ⚡ Be a registered South African taxpayer
- ⚡ Be currently employed
- ⚡ Be earning a minimum of R350 000.00 per annum

AND

- ⚡ Desire to earn a passive income from your taxes for 20 years

Then you qualify!
